

Jonathan Prosperi

Multimedia Designer

Brooklyn, NY | prosperij1@gmail.com | jonathanprosperi.com | (845) 642-6974

Professional Experience

CyberScape Ltd.

Project Director

November 2017 – October 2019

New York, NY

- Guide the vision of an artificial intelligence education curriculum from conception through release into the international market, primarily in China and the USA.
- Manage an international team of more than 20 content developers, subject matter experts, and learning designers.
- Represent Cyberscape in multinational conferences across China to market the product to policy makers and private investors, helping raise over \$1.3m in funding.
- Design learning solutions and curriculum for artificial intelligence concepts, including creating lesson plans, sequencing content, and developing learning exercises.

NYU CREATE Research Lab

Multimedia Designer

September 2017 – October 2019

New York, NY

- Develop and lead the NYU *Coding for Game Design* summer program, where high school students learn Unity and C# by making games during a two-week intensive course.
- Design educational products including apps, websites, and games to facilitate research goals that measure the impact of multimedia on cognition.
- Collaborate with an interdisciplinary development team to fulfill internal and client-facing deliverables in an agile, scrum-based environment.

NYU RIDDLE Research Lab

Project Manager

October 2017 – Present

New York, NY

- Create and direct *Boss Level*, a workshop where dozens of middle school students learn science through comics and games in order to support multimedia learning research.
- Iterate the design of the workshop across four sessions based on user feedback and evolving project goals.
- Wrote a research article on our findings that has been accepted for publication in the International Journal of Designs for Learning.
